MIXED CROCUS

Use a good commercial Fertiliser with the planting of Spring flowering Bulbs. We recommend Bonemeal when available, about 10 lbs. per 100 Bulbs.

*This list is the first in 5 years. It contains only those varieties that we know are dependable. Top size, first Class quality Bulbs are used in filling your orders. Order early. Bulbs will be shipped as soon as possible after order is received, but due to the fact that some stock arrives before others, it may take some time to complete some orders, but notice of shipment will be forwarded to you at the earliest possible moment. Ask for your free Copy of our 1946 Catalogue listing over 1000 varieties of hardy New England plants.*
